

RESCUE ONE FOUNDATION

Jesus said "it is more blessed to give than to receive."

Dear friends,

Our gratitude goes to our Mighty God who provides all kind of resources for the accomplishment of the Rescue One Program in Haiti during the last fiscal year of 2008 -2009. We would like to thank all the supporters of the Rescue One Foundation who provided financial and prayer support for a wholesome environment for the kids.

Every year God put on my way very good people who offer their time, talent and money to the children of Rescue One Foundation. I really don't know how to thank Pastor Gedeon Augustin, Ing Ronel Desrosiers, Pastor Midi and Patrice Joseph four new brothers that God provided for his work. They are helping me with all their heart, they embrace the case.

We had a good fiscal year, most of the children had success in their school, our food program worked well, our spiritual and social program to the children and to the parents worked well. Our healthcare program needs to be improved; we are working on it, and the favorite activity of the children the Summer Camp was enjoyable; see below for more details.

That was so good to have Carol Woltjer and Nancy Tuit visited us this year, we hope that more of our supporters will come for mission trip next year.

In sum, my greetings go to all the churches leaders, the cooks, the board members, the family members, at last, all of you who in one way or another contribute to give the children a better life. The fiscal year is over, God was faithful. This current year that just started might more difficult as we face the financial crisis worldwide. We count on your ongoing support and may God continue to bless you. Once again, thanks to all of you.

Yes, the big day happened! The children were excited to go camping. Some leaders gave their own cars for driving some kids, the bags of food, and the children bags to the campus. May they be blessed!

We also had one bus and one taptap from public transportation for the logistic from the church to the campus.

The kids were pleased to be at this beautiful Lilavoix campus. They liked it so much.

Each afternoon starts with small group Bible quiz and games and the night with devotion.

The summer camp program

We had various activities during the day: prayer time in the morning, Bible study, songs and verses, sport, educational games, manual and art activities, movie time, worship time, social skills, food three time a day, prayer time to close the day etc...

The campus and all the services that it provides were excellent: water, electricity 24/7. It was very comfortable. We found soccer field, basket ball field, a cafeteria, a nice chapel. The kids took a shower several times in a day.

Bible study: Last year we've studied Joseph's life but this year our focus was Daniel. For the whole week, Pastor Gedeon and Pastor Midi were teaching them about the above biblical characters. Our objective was to teach them all the characteristics of Daniel's life, his integrity, his love for God as a man of prayer, a man that made the difference, a man who trusts the Lord. We encouraged the kids to follow the good life example of Daniel.

Artistic and manual activities: the youngest continue to learn how to draw, the oldest learned how to broidery, to make a pillows, and how to make a painting.

**Sexual education with
Dr. Mireille Peck**

Dr. Mireille Peck, the chairman of the social committee of the Community church had a workshop on sexual education with the teenagers. She also talked to them about HIV Aid, their responsibility to protect themselves from immorality, how to please the Lord with their body as the temple of God. The Teens liked this workshop, they learned a lot and could not stop laughing when Dr. Peck explained to them the various functions of their body, and she came with image to show them the reality of their bodies.

It's amazing to see some of the children that we have recruited very small are now already becoming teenagers

Worship and praise

Pastor Volcy and his family who live in Bradenton Florida were in Haiti for a mission trip this summer. They came and helped us. It was an opportunity for them to serve the Lord in our summer camp. Mrs. **Susette Volcy**, a social worker, led them on making “**Salvation Bracelets**” An efficient way to preach the gospel to the kids. The kids were very happy while they made their own bracelets. Now they are able to evangelize other kids with their bracelets.

We also had **Vilaire Noel**, a renowned Christian singer; he came with his guitar and taught them some great songs. Oh boy, I can't find the appropriate words to express how the kids jumped and enjoyed that precious moment. The leaders, our visitors and the kids all together worshiped the Lord.

The children are making Salvation Bracelet and helping each other

- *We divided the kids in several teams, each team had a captain, and the teams must be involved in our bible quiz, games contest, service for the food etc...*
- *We taught them to serve each other and develop their leadership skills.*

THE FOOD: our food always taste good!

*Kerline is eating
mango with the
Kids*

Time to play, play,
playyyyyyyyyyyyyyyyyyy
yyyyyy

We!!!!!!

The captains are giving instructions, Pastor Gedeon is explaining the games. The games will be started in a few minutes, each team is choosing the one who will represent them. Each team claps his own player. Do we have some gifts for the champions? Yes we do. Lots of candies!!!

Almost every evening the leaders meet to evaluate the day and make resolutions for the next day.

Testimonies from the kids after the summer camp:

Ezechiel Gustave, Bolosse church

Dear supporters,

May peace and grace be with you! Let me tell you what made my day during the summer camp this year.

I have to tell you that this summer camp was the most successful that I have participated because of the Rescue One program. Everything was perfect. I have learned a lot on the prophet Daniel and Psalm 15. The campus was excellent, I would like that we organize the summer camp of 2010 in the same campus. I love the leaders because they treated us with respect and we also were obedient with them.

I thank God, our supporters, the leaders who did all they can to make this summer camp possible. May God because of his love bless you! I love all of you and I pray for you.

Have a good day!

My name is **Abdias Pierre**, this is in the name of Jesus Christ that I greet you today. I would like to share with you how the summer camp was this year.

It was wonderful. We meet some good people who were in charge to teach us social skills, how to become an honest person and to behave well in society. Through the Bible study, we learned the lessons of Daniel's life; we learned verses; we learned how to make painting, etc...

We met with extraordinary people like Pastor Gedeon who was there to protect us, teach Bible study and Psalm 15. We learned good thing from this psalm. We also had pastor Midi who preached us the good news and prayed for us. This is why I love both of them. I thank you Mrs. Kerline for all that you are doing, Dr. Peck who taught us the various parts of the human body, their functions, especially the genital parts. She helped us understand our responsibility to protect our body. She talked to us about HIV-Aid. These workshops were very interesting especially for teenagers like me.

I would like to thank the cooks who feed us in the morning, in the middle of the day and at night.

All the children felt comfortable because they all together met again this year, lived together like a big family. This camp was the nicest occasion for us to find everything we needed. We found everything that we would like to have: play games, take a bath at least twice, and live in a good condition. The space was awesome, this year the period of time for the summer camp was longer than the last year and I like that.

Finally, I liked everything from this camp; this is why I pray God for all the people who support us every day so that in the future we can help the poor people who suffer in the streets.

Thank you, thank you.

Edgard St Joy, Bolosse church

I greet you in the precious name of Jesus who reigns forever. I would like to share with you how I enjoyed this summer camp. I've learned so many things that could help me in the future. Songs, Psalm 15 and some important advises. I've met some great people who left their own activity for being with us like Pastor Gedeon who played with us and taught us the Daniel's story. That story changed my life. We also had Pastor Midi for the Bible study and brother Jean Raymond our coach; Mrs. Peck who taught us about sexual education, Mrs. Daniella and Fabienne for social skills, Mrs. Junete and Renia for songs and manual activities. I praise the Lord for the cooks and for anyone who did their best to make this camp happen. In a few words, I can say that this camp was extraordinary and unforgettable.

Yvelyne Lumoine, Community Church

I would like to thank all the people who allowed me to participate to the camp this year. Every year I can't wait for the day to happen to go to the camp.

I spent a good week; I liked the campus, the food. The leaders taught us broiery, Psalm 15, the story of Daniel. Every year we learn new things. Thank you so much. May God bless you!

Don David Cherfils, Eben-Ezer church

Today, it is a real pleasure to write you in order to share with you how our week was during the summer camp at Lilavois, Port-au-Prince.

I spent a very good week, the food was well done, the prayer time during the night, the Bible study, everything was good. I was very impressed to see how all the children either from Croix des Bouquets, Bolosse or the Community church had such a good behavior. I also liked the games and the arts.

Finally, I would like to thank our supporters because they choose to help us. Also, I would like to thanks all the leaders who were there with us.

Katia Duce, Community church

Good day, how are you doing? Today is a big day to let you know how the camp was good. We have leaned songs, verses, how to make broiery, painting and a nice pillow. All the activities, the Bible and social skills were good and I can't wait for the next year to go to another summer camp. I am joyful. Bye.

Rose Marie charite, Eben-Ezer church

Dear supporters,

I feel a lot of joy to write you today and the reason of my letter is to tell you about our summer camp this year. Spiritually, my soul was blessed because of the Bible study of Pastor Gedeon. Nutritionally, it was perfect because you allowed us to find balanced food and on time. We learned how to make pillows, broiery, etc...

I would like to thank all of you, the leaders like pastor Gedeon, Mrs Junette, Mrs. Kerline, Mss. Renia, Mrs Jeanty, especially the cooks. I would like to have other good moment, a good summer camp like this one.

Sergeline Michel, Community church

Dear leaders,

May the grace and the peace of the Lord be with you in abundance!

My letter is to tell you what I liked and what I did not liked during the summer camp of the year of 2009. I liked the leaders, the songs, the games, the food, the friends, the broiery, the painting, the prayers, in last, I like everything, my only one disappointment was the number of days, I wanted to spend more days.

Bye, may God bless you all!

Samira Preval, Community church

Today is a big day for me because I find the occasion to share with you my summer camp this year.

I liked the games that pastor Gedeon taught us, the songs, the story of Daniel, many things that I did not know before. However the children were lazy this is what I did not like. I would like to have more songs, more dances, more Bible studies for the next summer camp and the children must be more devoted to work.

I would like to thank all of you who pay my school and allow me to participate in that summer camp. Thank you!
